Project No. 2309-000

Notice of Authorization for Continued Project Operation

On February 18, 2011, the Jersey Central Power and Light Company and PSEG Fossil LLC, licensees for the Yards Creek Pumped Storage Project, filed an Application for a New License pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. The Yards Creek Pumped Storage Hydroelectric Project is located on Yards Creek, in the townships of Hardwick and Blairstown, Warren County, New Jersey.

The license for Project No. 2309 was issued for a period ending February 28, 2013. Section 15(a)(1) of the FPA, 16 USC 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensees under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 USC 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensees of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2309 is issued to the licensees for a period effective March 1, 2013 through February 28, 2014 or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before February 28, 2014, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless

the Commission orders otherwise. If the project is not subject to section 15 of the FPA, notice is hereby given that the licensees are authorized to continue operation of the Yards Creek Pumped Storage Hydroelectric Project, until such time as the Commission acts on its application for a subsequent license.
